

Pfizer Global Logistics Europe invites you to Compose your Thesis or Master Thesis in the Logistics and Transportation Department

With about 85.000 employees working worldwide in more than 150 countries, Pfizer is the world's largest research-based company in the pharmaceutical industry.

In Europe, Pfizer is represented in all countries, including its Pfizer European Logistics Center located in Brussels, Belgium.

If you are in your final year at the University, studying Logistics, Supply Chain or Transportation/Warehousing, or if you are generally interested in Logistics, Pfizer offers you a unique opportunity: the possibility to write your master thesis or to realize your project within our Brussels-based European Logistics Center or in another European subsidiary.

Please contact directly our HR department for more information:
